ORDERS ISSUED

Captains Will Report to Old Com-
manders of National Guard
(Special to the Herald)

Concord, Nov. 4.—The following or-
der was issued today by Adjutant-Gen-
eral A. C. Ayling:

The Third regiment, New Hampshire
National Guard, detached from the
First brigade, New Hampshire Nation-
al Guard, and mustered into the service
of the United States as the First regi-
ment, New Hampshire volunteers, hav-
ing been mustered out of the United
States service, is hereby reassigned to
the First brigade, and the commanding
officer will report by letter to the brig-
ade commander.

Companies B, F, I and L, Third regi-
ment, transferred from the First and
Second regiments, are hereby retrans-
ferred as follows:

Company F and B to the First regi-
ment and designated as companies A
and B respectively.

Companies I and L to the Second
regiment and designated as companies
C and D respectively.

The company commanders of the
above companies will report in person
or by letter to their respective regimental
commanders.

The commanding officers of the com-
panies mustered out of the United
States service will at once proceed to
bring their commands to the strength
provided by law for companies of in-
fantry, on a peace footing (Section 37,
Military Law), and when this is com-
plied with will make requisition for clothing,
arms and equipments for their com-
mands.

Looking For Trouble

The real Simon pure kind of relief
from dull care, can most assuredly be
had at entertainment, wherein are com-
bined the elements of unctious comedy
and charming music, and these can
alone be found in the faro comedies
which have been so deservedly popular
of late years, and which seem never to
loose a tenacious grip on the amusement
public.

"Looking for Trouble" the new faro
comedy which the inimitable Joe Ott
and his worthy assistants will offer for
the approval of our friends at Music hall
next Thursday evening, come with such
a record as should command the warm-
est sort of consideration.

Mr Ott is well and pleasantly known
to all true advocates of wholesome fun,
owing to the brilliancy of his stage man-
ners and the freshness of his efforts. No
other comedian on the American board
has more honestly earned his way to
popular esteem and none other can be
likened unto him for those quiet, quaint
methods which invariably convulse with
merriment.

"Looking for Trouble" is equipped
with special scenery and from reliable
sources it is learned that Mr Ott has
been unusually fortunate in the selec-
tion of so much versatile talent to aid
him.

Today's Election

Interest is high everywhere over the
elections of Tuesday next. The ques-
tion of the complexion of the next
House of Representatives is to be set-
tled and governors will be elected in
California, Colorado, Connecticut, Idaho,
Kansas, Massachusetts, Michigan, Min-
nesota, Nebraska, Nevada, North Da-
kota, New York, New Hampshire, New
Jersey, Pennsylvania, South Carolina,
Tennessee, Texas, Wisconsin, Wyoming.
The present governors of these states
are republican, except California, South
Carolina, Tennessee and Texas, which
have Democratic governors. Colorado,
Idaho, Kansas and Nebraska where
Populistic fusion won at the last elec-
tion.

Congressmen are to be elected in all
states except Maine, Vermont and Ore-
gon, where the elections have already
been held.

DEAFNESS (CANNOT BE CURED)

By local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the Eus-
tachian Tube. When this tube is in-
flamed you have a rumbling sound or
imperfect hearing, and when it is en-
tirely closed, Deafness is the result, and
unless the inflammation can be taken
out and this tube restored to its normal
condition, hearing will be destroyed for-
ever; nine cases out of ten are caused
by catarrh, which is nothing but an in-
flamed condition of the mucous surfaces.
We will give One Hundred Dollars for
any case of Deafness (caused by catarrh)
that cannot be cured by Hall's Catarrh
Cure. Send for circulars, free.

CITY BRIEFS.

Here's hoping that the Crimson will
win.

Street Commissioner Hett's hole-in-
the-foot has healed.

There should be no sulking or skulk-
ing next Tuesday. Stand up like men.
Apple paring, husking bees and quil-
ting parties are now supposed to be in
order.

Next Tuesday is election day and all
men should vote as their conscience
dictates.

The city was full of country teams
today and our merchants did a thriving
business.

The odor of escaping gas on Congress
street has been quite strong since the
street has been torn up.

Grunners continue to pop away in the
early morning trying to capture some of
the feathery quacking family.

Next Tuesday being election day the
regular session of probate court will be
held in this city on Thursday.

The Warwick club enjoyed steamed
clams and a concert from Judge Page's
gramophone on Friday evening.

There is less sickness in the city at
the present time than for months and
the physicians are taking a respite.

Lowell all wool carpets at the Globe
Grocery Co. for 55c per yard, laid and
laid free of charge, all this month.

The custom house receipts are very
light since the local breweries have be-
gun buying American barley almost ex-
clusively.

The arrangements for election day
are completed and rallying committees
have been appointed by each party in
all the wards.

That two months' pay enabled the
soldiers to get into civilian dress and
made glad the heart of the clothing
man and tailor.

The castor beans in the Lord grounds
on State street are untouched by frost
and present a most luxurious and tropi-
cal appearance.

Many of the First New Hampshire
Volunteers are getting back into civilian
dress again, but some of them still cling
to the army blue.

There are many bets that the first
snow fall will occur next Tuesday. It
is a sure thing that the democratic state
will be snowed under.

The horses used by Contractor Kil-
laren for ploughing up the streets for
the electric road are splendid animals
and attract much attention.

The boys at South end are practic-
ing daily at the South ward room for a
show which they expect to give at
York some time next month.

The P. G. Club of Christian shore de-
feated the South end stars this morn-
ing by a score of 25-0. The features
were the tackling of Trueman, Newick
and Cook.

Grand Chancellor C. B. Hoyt and Sir
Knights W. P. Robinson, visited Went-
worth lodge, No 22, K of P, at Newcastle
on Friday night. A supper was served
after the meeting.

The present week has been a most
favorable one for the local fishermen
and large catches have been purchased
by the shippers, while the markets have
been fairly glutted.

Clerk Charles H. Knight of the su-
preme court and the several deputy
sheriffs who have been in attendance
at this session of the supreme court re-
turned home on Friday evening.

One of Hayes large milk wagons while
going out Islington street last evening
loaded with milk, went into the ditch
and could not be moved until the team
was unloaded and then the wagon lifted

for some years conducted the Samuel
H. Hall farm on Sagamore road, and
where he recently married, has recently
purchased the Kimball farm at West
Newbury, Mass. and with his wife has
now moved there.

Mr Gerald B. Whitman, manager of
the Portsmouth conservatory of Music,
has leased the upper part of the build-
ing on the corner of Market street and
Market square, over Dr. Potter's office
and Whitehouse's barber shop, and will
occupy the same about Nov 15.

Lieut Langdon, U. S. A., who has been
on duty at Concord in connection with
the mustering out of the First New
Hampshire Volunteers, is to open there
a recruiting station for the regular army.
His assistants, a corporal and a private
of artillery from Fort Slocum, New
York harbor, have already arrived.

THE SUNSHINE CLUB

Daily Meeting Now Being Held in
Front of the Athenaeum

Now that the weather is becoming a
trifle cooler and breath of coming win-
ter is felt in the clear crisp morning
air, the Sunshines once more congregated
at their headquarters in front of the
Athenaeum and discuss the topics of the
day.

Since their last meetings in the Spring
a few familiar faces are missing. Some
have gone to the land where we are
guaranteed that the temperature will
never fall below the boiling point, while
others are detained from joining their
brethren by eighteen miles of wood
lands and fields.

Letters of regret are read from still
others who are so peculiarly situated
that when they gaze from sun exposed
windows, coarse, barred shadows out-
line themselves across their careless
breasts.

In spite of all these drawbacks the orga-
nization is kept up from spring to autumn
and autumn to spring. There are some
countenances which even the police and
that grim reaper, death, cannot push
from the curb-stone, and from now on
may be found every warm day between
the hours of 10 a m to 3 p m, doing
business at the old stand and never
losing a wink of sleep over how they are
to pay the rent.

In some ways this horrible body of
humans is made up of intelligent men.
Men who have solved the problem of
living without work. They talk rationally
of imagined wrongs and try and
make each other believe that they
would work if they got it.

Offer one of them work and note the
result. He requires minutely into the
character of the work; is the article
heavy? or how far away is your house?
Then of course the price is casually
brought up and he will end up by say-
ing that he will try and get at it to-
morrow or next day or else promise to send
his oldest boy around to do the job.

No sir, he never was cut out for work.
He is a born agitator and for a man who
is of so little use to himself and com-
munity at large, stirs up more trouble
than an army of strikers. The few hours
of attention that is paid him before his
vote is purchased on election day tickles
his vanity so much that it lasts many
weeks and he actually convinces him-
self and one other, which generally in-
cludes his wife, that he is a personage
of considerable importance and that the
newspapers have his obituary written
up in advance and filed away.

At a ward caucus he fits about on the
edges of the crowd first talking to this
one and then with that one, winding up
by holding confidential chats with each
ward heeler, promising the support of
him and his constituency. He can ride
two, three and even a stable full of
horses with the agility of a circus rider
and when one of them at last throws him
he is ready with a barrel of explanations
which make him out, as usual, the de-
ceived and down-trodden party.

The Shiners are now on exhibition.
Remember, the time and place - between
the hours of 10 a m and 3 p m, and in
front of the Athenaeum. Overflow meet-
ings are held on Grace's corner and the
sunny side of the North church.

Forever Devil's Auction.

Manager Yale announces that a star
cast will be made a feature of this year's
production, and has engaged a number
of leading artists, among whom are Ben
J. Grinnell, to appear as Toby, the trans-
formed donkey; Miss Phyllis Allen,
whose magnificent contralto voice has
long ago placed her on the topmost
round of the ladder of favorites. Miss
Allen will appear as Carlos, the hero of
the spectacle Miss Ella Gardiner, a very
pretty interpreter of "Ingenuettes" will
enact the heroine, Madeline. A notable
engagement is that of Miss Mayme
Mayo, who has for two seasons sung and
danced into the hearts of her admirers
as Janet the milkmaid. Mildred Holden
a strong favorite with "Devil's Auction"
patrons, and who possesses a most hand-
some appearance, will this season appear
as the wicked Count Fortunio, while
Madge Torrance, a statuesque English
beauty who scored success as the snow
queen in the "Twelve Temptations" has
been engaged to appear in "Crystaline
the good fairy. W. H. Lorella, an old fa-
vorite in the cast, will once more create
an end of fun as Pere Andoche, and
Eddie Snow as "Chaos the little devil"
will again exhibit his agility in that dif-
ficult and rather hazardous role.
This will be the attraction at the
Music hall Monday Nov. 7.

cillor of the New Hampshire state coun-
cil, Jr O U A M, has appointed J. M.
Goodrich of Atkinson, chairman of the
standing committee on "Objects of the
Order" in the state council.

INSTRUCTION TO VOTERS.

Secretary of State Stearns has drawn
up the following instructions to voters
which may be considered official.

To gain admission within the guard rail
announce your name to the ballot clerk,
who will admit you and supply you with
one official ballot.

Go alone to one of the marking shelves
and there examine and mark your ballot.
If you are unable to mark your ballot, you
will state the fact to the moderator, and
will receive the assistance of your choice
of the election officers detailed for that pur-
pose.

To vote a straight ticket make a cross
(X) in the circle over the name and be-
neath the emblem of the party of your
choice. Do not make any other mark.
Your vote when so marked will be count-
ed for every candidate of the party of your
choice.

If you desire to vote for candidates not
all of any one party, you can make a cross
(X) in the circle and beneath the emblem
of the party which presents the greater num-
ber of candidates of your choice and erase
the names of the candidates in the same
column for whom you refuse to vote and
make a cross in the square opposite the
names of the candidates for the same of
fice for whom you desire to vote.

You can also vote by not marking in any
circle and by making a cross (X) in the
square opposite the names of the candidate
of your choice in whatever column such
names may appear. If you vote in this
manner do not erase any name.

If you desire to vote for a candidate or
candidates whose names do not appear in
the official ballot, you can write the name
of the candidate or candidates for whom
you desire to vote under the proper dis-
signation in the blank or right hand col-
umn, and if you have marked within a circle
erase in that column the name of the
candidate or candidates for the same office.

If in marking or otherwise you spoil a
ballot, you can return it to the ballot clerk
and receive another. You cannot have more
than three ballots in all.

Fold your ballot as it was folded when
you received it, announce your name to the
town clerk and hand your ballot to the
moderator.

In case others are waiting to vote you
cannot occupy a marking shelf more than
five minutes, or remain within the guard-
rail more than ten minutes.

SATURDAY, NOV. 5, 1898.

Next to New York, the warmest light in the country is in ward three.

Salloway will carry his district, county and city. Get in out of the wet!

As the St. Paul Dispatch wisely and wittingly remarks, "almost any old thing will answer as an issue for a party that hasn't even a name."

About next Wednesday some of the wicked people that gamble on elections will rally forth and gather in all the democratic money in sight. And it will not be much either.

According to all accounts, the Cuban insurgents won't disband, and they won't work. All of which may presently compel this government to institute a wholesale enforcement of the vagrancy laws down there.

Official reports show that the Omaha exposition paid all expenses and left a surplus of \$400,000 to be divided among the stockholders. The men who managed that splendid enterprise certainly got a show for their money.

Jones, of Arkansas, is not in favor of paying Spain \$40,000,000, or any other sum, for the Philippines. He might make a different view of the matter, however, if it were stipulated that the price should be payable in Bryanized dollars.

Spain has lost some of her colonies already, and if she wants to lose her remaining ones all she has to do is to force this government into a renewal of hostilities. The Madrid government is face to face with a great opportunity to make a spectacular fool of itself.

TYPHOID AT HONOLULU

Patients in Hospitals Will Be Moved to a Place Among the Hills.

Victoria, B. C., Nov. 4.—Honolulu advices, per H. M. S. Albatross, which arrived yesterday, are to the effect that when the Albatross left there were 163 patients in the hospitals. 25 showing typhoid symptoms. General King says that the patients at the hospital will be moved as quickly as possible to a place in the hills, where it is dry and cooler. He says the hospital should never have been located where it is.

General King will sail with the troops at Camp Otis on the Arizona for Manila.

The New Yorkers and engineers will remain at Honolulu indefinitely for Garrison duty. Five deaths from typhoid occurred during the week previous to the sailing of the ships. The names of the dead are: Charles H. Thompson, New York regiment; Thomas Heaver and Private Timmerlake, Eighteenth Infantry; Julius N. Miller, Nebraska volunteers; D. W. Dawson, Colorado recruits.

Brigadier General King has had a controversy with Judge Wiley, who is the judge, while sentencing some prisoners for disorderly conduct, is reported to have said that if there was any surety of their being punished by court-martial he would let them off easy, but on previous occasions when they had made a disturbance at a dinner party, the judge could not be found. It had been said he was sick in bed, although the same night he had given a big dinner party. The rumor had been refuted.

General King wrote to Wiley and asked him if he used that language, and the judge replied that the report was correct. General King then asked for an apology, which Judge Wiley declined to give, and there the matter rests for the present.

It is stated that a new bank will commence business in Honolulu, the first of the year, with a capital of \$500,000, with power to increase it to \$2,000,000. The most of the capital is local. It will be organized under the laws of Hawaii. The election at Camp Otis was to take place the week after the Albatross left. Senator Steele had left the necessary blanks and gone to Manila for the same purpose.

The transport Senator arrived the day before the Albatross sailed. She will call at Honolulu and proceed to Manila. The voyage was uneventful, but the men complain of poor food and crowded quarters. On the night of the 23d, 300 men were attacked with a violent nausea, the result of eating tainted food.

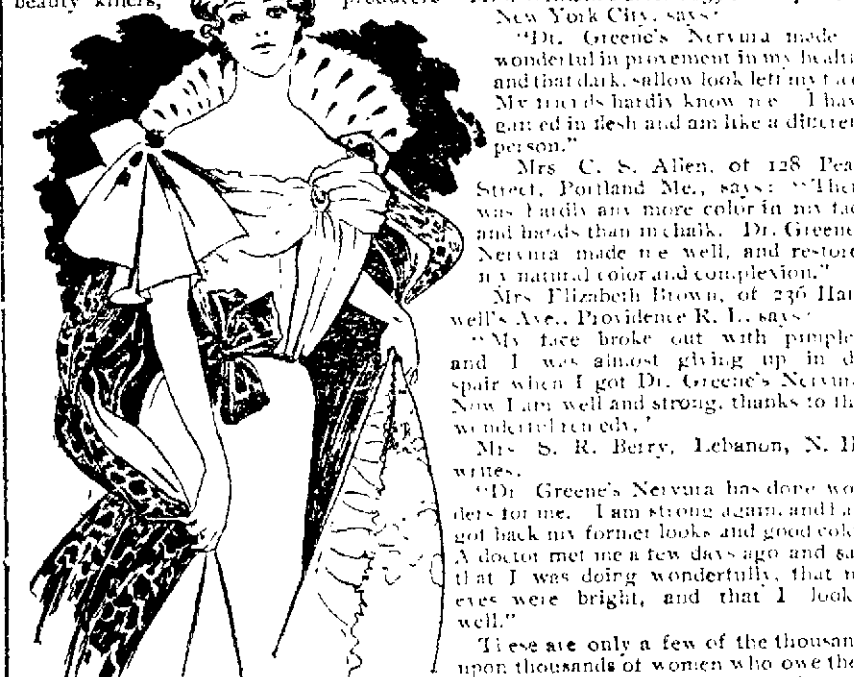

GRANITE STATE WOMEN.

Kittery, N. H., Nov. 4.—The closing session of the third annual meeting of the New Hampshire Federation of Women's clubs was held in the town hall this morning. The President, Mrs. Eliza Nelson Blair of Manchester, presided and plans were perfected for carrying on the work of the federation during the coming year.

BEAUTIFUL WOMEN.

What Is Woman's Beauty Which So Powerfully Attracts Men?

Beauty lies less in the features than in the health and strength, and hence look her condition and complexion of the face. The best, if she will use Dr. Greene's Nervura Creamer has enabled every woman with a face that is strong, vigorous, pure, healthy and every woman in good health, rich blood, a clear complexion, and thus who is of a cheerful nature, is beautiful because the energies and vitality of sound and comely to look upon. A clear, fresh, and perfect health.

of dull, leaden complexions, unnatural, dusky, dark cheeks under the eyes, humors, eruptions, black heads, lustreless eyes, and other disfigurements which drive away the women of their natural gift of beauty. Why be homely when you can be beautiful and attractive? Get good Dr. Greene's Nervura, and if the reader is wise, and with it those looks and beautiful attributes which attract, please and fascinate. It is within your power to do so, for it is within every woman's power to charge, personally or by letter.

SALISBURY AT KITCHENER'S BANQUET.

LONDON, Nov. 4.—At the banquet given tonight to General Lord Kitchener, which was a most brilliant affair, the Marquis of Salisbury, referring to the Fashola affair, said:

"This afternoon I received from the French ambassador the information that the French government has come to the conclusion that the occupation of Fashola is of no sort of value, but that they thought, in the circumstances, that to persist in an occupation which would not only cost them money, but do harm, merely because some bad advisers thought it might be disagreeable to any unwelcome neighbors, would not show the wisdom with which, as I think, the French republic has been uniformly guided. They have done what I believe every government would have done in the same position: Resolved that the occupation must cease. I must not be understood as saying that all causes of the controversy are removed, that is not so. Doubtless there will be many discussions between us, but the some what acute and somewhat dangerous causes of differences have been removed."

General Kitchener's reply, which was modest, was not important. He gave unstinted praise to the British, Egyptian and South African troops.

KILLED BY AN ELEVATOR.

Boston, Nov. 4.—Miss Jennie Davidson, a Somerville girl, employed in the Clinton Manufacturing Co. on Franklin street in this city, was crushed to death by the elevator this afternoon. As near as can be ascertained the girl was looking down over the edge of the elevator well, when the elevator descended without warning, crushing her head and shoulders.

MAJOR MARCHAND AT CAIRO.

Cairo, Nov. 4.—Captain Bavatier, bearing confidential instructions from the French government to Major Marchand, arrived here this afternoon in company with that officer, who went to meet him at Tarnia, Suez canal.

TWO BROTHERS DROWNED.

NORTH SYDNEY, N. B., Nov. 4.—Stewart and Herbert Richardson, brothers, were drowned today by the capsizing of their fishing smack in a heavy gale off this port.

DISASTER AT SEA.

VINEYARD HAVEN, Nov. 4.—A disaster at sea, causing the loss of five lives, was made known today by the landing here of twenty-two persons who escaped from the burning steamer Creation of the Clyde line, bound from New York to Wilmington, N. C., and Georgetown, S. C. The disaster occurred Nov. 1st, about eighteen miles north of Cape Charles, when the vessel was about twenty hours out of New York. About three o'clock in the afternoon a fireman reported that the ship was on fire and a few minutes later two explosions took place among the cargo. The flames spread so quickly that the boats could not be reached, and seeing that it was impossible to save their lives by remaining on board, Captain Hale ordered all hands to jump overboard, first putting on life preservers. The captain and first officer succeeded in getting hold of one of the pail boats that had been damaged in launching and rescued eight persons from the water. The burning ship was seen by the crew of the schooner Alice E. Clark, which was anchored about six miles away, and Capt. Clark sent a boat's crew to her assistance. They succeeded in rescuing twelve more persons. All were taken on board the schooner, where they received every attention and were landed at Vineyard Haven today. The steamer was a freight boat, but has accommodations for twelve passengers, and on this trip carried eight passengers. The captain and officers cannot account for the fire or the explosion, there being no explosives among the cargo to their knowledge.

BIG FIRE IN HAVERHILL.

HAVERHILL, Mass., Nov. 4.—The department store of R. P. Dunmore, on Merrimack street, was wiped out by fire tonight, causing a total loss of \$30,000, of which \$25,000 is on Dunmore's stock and \$5,000 on the building, which was owned by Geo. O. Tilton. Both Dunmore and Tilton were insured. The entire local department was called out and help was asked from Lawrence, although before the latter arrived the fire was under control and their services were not needed. The sparks were carried nearly the entire length of Merrimack street, and for a time the buildings on the whole southerly side of the street were threatened. There is no doubt but what the fire was of incendiary origin, and taken with the incendiary fire of a week ago tonight, which caused a loss of \$40,000, has created much alarm in the city over the presence of the fire bug.

A CRUEL JOKE RESULTS SERIOUSLY.

CONCORD, N. H., Nov. 4.—Michael

Troy, a boy fourteen years of age, who attends the Parochial school, was seriously injured today by sitting down on a sharp bladed jack-knife which a companion had fixed in his seat in sport. The blade penetrated the boy to a depth of two and one-half inches, and the attending physician considers the boy's condition serious.

CHARGED WITH HIGHWAY ROBBERY.

LOWELL, Mass., Nov. 3.—John Lyman who was mustered out with Company C, First New Hampshire volunteers, occupies a cell at the police station, charged with highway robbery in Concord, N. H. He will be sent to Concord tomorrow.

LOOTED THE TREASURY.

San Francisco, Nov. 4.—A special to the Chronicle from Manila, Sept. 26, says: Direct evidence connecting General Weyler of Cuban fame with the wholesale looting of the Philippine treasury has been unearthed in Bilbil prison. Maximiano Rosales and Julian Reyes, both in prison as scapegoats for official thieves, have been liberated by the order of Major General Ouse, but delivered to come to trial for a third prisoner convicted of the same crime, for he died in Bilbil eight days before the American army entered the city.

When Captain Moffett, superintendent of the prisons, began his investigation of the cases of the prisoners confined in Bilbil, Rosales and Reyes declared that they were unjustly suffering for the crimes of others and begged that their cases be reopened. They averred that Weyler and his associates had looted the treasury of \$1,300,000 in Mexican silver, and that they had been accused of the crime and sent to jail.

Moffett made a report of the matter to General MacArthur and an examination of the books of the treasury was ordered. The latter showed that during the Weyler regime several immense sums of money had been withdrawn and that there was an unsatisfactory showing as to the disposition of it. Rosales was one of the cashiers at the treasury, and goes so far as to declare that Weyler himself came to the treasury to find in the crime, as he alleges. It has been decided to make a full investigation of the case.

Headboards have been erected over the graves of the Astor battery dead who lie in the native cemetery, and their effects have been sold at auction, bringing large sums. A coat belonging to Private Dunn brought \$30 and a uniform \$22. The money will be sent to relatives. The German cruiser Princess Wilhelm is now in the harbor.

WILL OPEN THE GATES.

Fall River, Mass., Nov. 4.—The management of the Border City cotton mills today gave notice that the gates will be opened at two of the three mills of the corporation on Monday next, when an opportunity will be given the employees to go to work. The plant has been shut down 12 weeks, owing to a strike of the weavers in mill No. 2, over a question of rates.

A Pill for the Ill.

"They'll do you good," a physician said in giving some pills to his patient, a woman who had suffered for months from diseases which baffled skillful treatment. His words proved true. The woman rejoices.

The hurry and bustle of the housewife is extremely wearing upon the delicate or Her intense earnestness in whatever she undertakes, tempts her constantly to go beyond her strength.

Mrs. L. E. Browning, of Pueblo, Colo., was one who did this.

"Eight years ago," said she, "my husband died and I was left with three children to care for and educate.

"The burdens of life fell heavily upon me, but I determined to make the best of it. I succeeded in my undertakings for a livelihood, but in doing so overtaxed myself, and undermined my health.

"I was very ill about two years ago with blood poisoning, caused by an abscess that had not received proper treatment.

"The disease settled in my throat for a time, causing intense agony.

"Then inflammatory rheumatism set in. For four months and a half I was a prisoner in my room, most of the time confined to my bed.

"My hands were swollen so that I could not feed myself, and the swelling in my feet and ankles would not let me walk. It was impossible if I had been strong enough.

"One day, after considerable treatment, my physician brought me a box of pills.

"You need a tonic," he said, "and something that will act at once, and this is the best medicine for that purpose."

"Pills!" I exclaimed in surprise as he opened the box and showed them.

"Yes," he replied, "these are Dr. Williams' Pink Pills for Pale People, but you need not be alarmed, they are not physic, and my word for it, they'll do you good."

"Before I had been taking them a week I noticed a great improvement in my condition. Soon my rheumatism was gone. I grew stronger each day and now am in the best of health.

"I consider Dr. Williams' Pink Pills for Pale People, the best tonic.

"A friend not long ago was telling me of her mother who is at a critical period in her life.

"She was subject to terrible fainting spells, and the entire family would work over her.

"Dr. Williams' Pink Pills have not only stopped the fainting spells, but given her so much strength, that she is able to take up her duties again.

"To me highly endorse her words, Mrs. Browning made affidavit before George W. Gill, Notary Public.

All diseases arising from an impoverished condition of the blood, and most all come from that are cured by Dr. Williams' Pink Pills for Pale People.

They act directly upon the blood, building it up with lacking constituents; it becomes rich and red, the various organs are nourished and stimulated to activity in performing their functions, and thus disease is eliminated from the system.

These pills are sold everywhere, the sale being enormous.

FREEDOM OF CITY.

Sword of Honor Given General Kitchener in London.

QUAINTEST KIND OF CEREMONY.

Character of Soudan Commander Vouched For by a Butcher, a Barber and a Stationer—Honor Said to Be For Only England's Greatest Son—General's Reply a Most Modest One.

London, Nov. 4.—The streets of the city were crowded all the morning, an immense number of people seeking to witness General Kitchener's triumphal progress to the Guild hall to receive the freedom of the city of London and the sword of honor presented to him in recognition of his defeat of the dervishes.

GENERAL KITCHENER.

at Omdurman. The general received a great ovation as he drove through the streets, accompanied by three aides and dressed in full general's uniform, with the Egyptian sash.

At the Guild hall there was the quaintest kind of a ceremony, which was witnessed by some 3500 spectators, chiefly city dignitaries and their families, though Lord Rosebery and Lord Halsbury, the lord chancellor, and a few other notabilities were present.

There was a scene of great enthusiasm as General Kitchener took his place on the dais, by the side of the lord mayor, Horatio David Davies. The clerk then read a document, setting forth that certain citizens, one described as a butcher, one as a barber and one as a stationer, had declared the general to be a fit and proper person.

In presenting the sword of honor, the lord mayor read an address, in which he said this honor was only reserved for England's greatest sons.

General Kitchener, in replying, expressed his deep and heartfelt thanks, and said the success of the campaign was due not only to the oneness of purpose and cheerful spirit of determination, but to the master mind of Lord Cromer (the British agent in Egypt), under whose able direction the Soudan had been reconquered.

WHY IT SUCCEEDED.

Chemist C. K. Graves of Northampton States Why Vinol is Popular.

He Believes it is Mainly Due to the Fact That it Does Not Upset the Stomach.

Other Chemists Agree With Him as to the Importance of This Discovery.

MR. C. K. GRAVES, NORTHAMPTON, MASS.

"I would like to have you read this letter coming from Mr. Graves of Northampton," said Mr. Andrew P. Preston. "Mr. Graves is a chemist well known and of many years' experience. He writes as follows:

"My opinion of Vinol and the good it will do is that it is the greatest discovery of the age. The reason that Vinol does good is that no harm is ever accomplished when it is used.

"Cod liver oil in its old form, to be sure, would often do good, but when it did, it did good in spite of itself. The reason that in some cases it was beneficial was that the really valuable medicine which was part of it was so truly efficient that it was able to overcome the obnoxious and stomach disturbing oil which enveloped it.

"In most cases, however, valuable as these remedial features were they were impotent to counteract the harm done by the oil. Right here is where Vinol's great benefit becomes apparent. You have separated the active medicinal principles found in the cod's liver entirely from the fat. For this reason you have no injurious parts to overcome. You do have the medicine that you desire to do good. What is more you have succeeded, by putting this medicine in a delicious, mild wine, in giving to the public in Vinol, something that is positively enjoyable to take. The patient, because of its peculiar medicinal properties, finds in Vinol exactly what he needs as a re-builder and flesh maker, a blood enricher, a tissue creator and a stomach regulator.

"Other chemists to whom I have talked in regard to Vinol agree with me fully that it is the most wonderful discovery of the age. Physicians who have entered into the subject with me say that they recognize in Vinol a valuable ally by whose help they hope to overcome wasting diseases of every description. Very truly yours, C. K. GRAVES.

"Mr. Graves, as you see gets right down to the bottom of facts," said Mr. Preston. "He recognizes that Vinol accomplishes the good which it does by acting in a most beneficial manner upon the stomach. It aids digestion and does not upset the stomach as cod liver oil in any other form is almost sure to do.

"The man or woman who is suffering from consumption, wasting diseases, scrofulous affections or the many other troubles for which cod liver oil has always been prescribed needs everything made easy for his stomach to get from his daily food just the proper nourishment to stop the ravages of disease, and with which to make new flesh, blood, bone and muscle.

"The idea that it is necessary to take fat into the stomach to make new fat has long since been exploded. People are learning since Vinol has become so extensively introduced that its pleasant and beneficial action upon the stomach is the cause of healthy tissue being made in a natural and rational manner, the elements for this tissue being extracted from the food itself by this digestive apparatus when it is enabled to work in a normal way. This is the reason that Mr. Graves' doctor friends with whom he has talked unhesitatingly assert that in Vinol they have such a great ally."

DYING OF HUNGER.

Colonel Carbonell, No. 10, carries the Commission of the Cuban Army.

Washington, Nov. 4.—The following letter from Lieutenant Colonel Carbonell of the Cuban army, now at Havana, has been received by Secretary Quesada of the Cuban delegation here, who has laid it before Secretary Alger, with an urgent request that steps be taken to relieve the extreme distress it sets forth. Lieutenant Colonel Carbonell is the inventor of the explosive known as carbonite, and is regarded as the representative of Havana of the Cuban leaders and forces in the field. He writes as follows, the letter bearing date, Havana, Oct. 29:

"I am just back from the camp of General Menocal, chief of our army in this province, and let me tell you in some faint way the true state of our poor and suffering army and the consequences that may come to the country if we do not in a short time find a remedy which will save us. The Cuban army is dying of hunger. Such terrible words in no way exaggerate the actual conditions. General Menocal took me to see his work, but to the soldiers—made so on account of the want of food and the actual necessities of life—and to think that these men were in such a state by reason of obeying their chiefs, who desire, first of all, to respect the orders of the American government. The Cuban leaders in camp told me that they will maintain resignation and patience and, above all, faith in the American government and the worthy president, Mr. McKinley, but at the same time, let it be understood that we are hungry, that we have in the towns and fields of Cuba a fact that is needful to the way of food, but that we are forbidden to touch it by reason of the peace order. They do not get from Havana one-fourth of what they need, and our soldiers are dying at the gates of the city for lack of food. What shall we do? The time will come when we cannot bear it any longer, and then what will be the result?"

AN OPEN QUESTION.

Philippine Discussion Will Be a Patient One.

NO ULTIMATUM IS CONTEMPLATED.

American Commission Understood Proposal Would Be Declined—Joint Session Begun at 2 O'clock—Paris Newspapers Are Still Busy Telling What Should Be Done.

Paris, Nov. 4.—A statement is printed here with much display today to the effect that at today's joint session of the peace commission the surrender of Spain's sovereignty over the Philippine islands, and that in the event of the Spanish commissioners refusing to agree to this, Judge Day, president of the American commission, acting under instructions from Washington, will present an ultimatum to the Spaniards. It is further alleged that this startling haste is due to a desire to settle the Philippine question before the elections in the United States take place. Reference is made to these allegations in view of the fact that they may have also been circulated in the United States.

But there is no truth in the statement made. No ultimatum is contemplated, and there is no probability of drastic measures being taken by the Americans. The two commissions are now considering an open question, and the Americans expect to weigh patiently all the points involved and to consider carefully the arguments of the Spaniards. The two commissions met at 2 o'clock this afternoon. The Americans were aware, before the session opened, that the Spaniards would decline their proposal made on Monday last.

The Gaulois today declares it has been informed on absolutely reliable authority that Spain will refuse to discuss the unconditional surrender of the Philippine islands. Spain, it is further asserted, had made particular reservations concerning the retention of the Philippine islands and the Spanish minister of foreign affairs, Duke Almonacid de Ulla, had himself, at the time of signing the peace agreement, stipulated that the island of Luzon should remain occupied by the American troops while the peace negotiations were in progress and that Spain should resume sovereignty over the archipelago as soon as a more liberal form of government for the first and should have been decided upon.

The Franco-American commission of the United States on the Philippine islands are looked upon with disfavor at St. Petersburg. The powers might, in case of America proving too obstinate on this point, be provoked to protest.

The Economist says: Your money or your life is the motto of the Spaniards in regard to Spain. The latter, having no money, offers Porto Rico and the abandonment of Cuba and thinks she has thus discharged her ransom. "Pardon me," answers Jonathan, "you yet have the Philippine islands, which are only an encumbrance to you. I will relieve you of them. Why? Because, with Fontaine, I have the strongest reasons for so doing."

The joint session of the peace commissions today lasted two hours. The Spaniards refused the propositions made by the Americans on Monday last, but the negotiations were not broken off. While it is believed that no formal counter-proposition was made, there was a discussion of the Philippine question outside the lines of the American propositions. The commissions then adjourned until Tuesday next.

The chamber of deputies suspended today with a crowded assembly, after its adjournment on Oct. 25, the day of the fall of the cabinet presided over by M. Tirard. Amid great animation the new premier, M. Dupuy, read the ministerial declaration.

He began by declaring the cabinet fully recognized the difficulties and responsibilities of the task undertaken, and affirmed that supremacy of civil power as the fundamental principle of a republican state, and expressed confidence in the army, which, he added, would faithfully respect the laws of the republic.

RENELS COLLECT TRIBUTE.

San Francisco, Nov. 4.—A special from Manila, of Sept. 26, says: The insurgents are still collecting tribute from residents of Manila and it seems almost impossible to check them. Almost at the doors of the headquarters of the First Colorado, a rebel recruiting station—court were discovered. Four young natives drafted into the rebel army refused to go, and they were placed under arrest, and an effort made to take them by force. The entire staff at the rebel headquarters was arrested for abduction, and it was then learned that some preposterous fines had been levied on two Chinamen by the court. The rebel officers are on trial before Colonel Charles Jewett, in the provost court, and will be severely dealt with.

THE EMPEROR'S LATEST.

Jerusalem, Nov. 4.—Emperor William, in visiting the Hospital of St. John, and replying to the directors' remark that the building stood under the shadow of the emperor, said: "This shadow is cast by the same black and white German shield which is also stretched over the Catholics in the far east who sacrificed their lives and shed their blood in propagating the gospel. To protect them my brother is now in these regions with the mailed power of the imperial navy."

OFFICERS DISCHARGED.

Washington, Nov. 4.—The following officers who have been honorably discharged from the volunteer service are Major Daniel M. White, appointed from New Hampshire, and Captain Augustus Gardner of Massachusetts.

FACTS AND FICTION.

Experiences of Portsmouth Citizens Are Easily Proven to Be Facts.

Outside testimony is apt to savor of romance. The most superficial investigation will prove that the following statement from a resident of Portsmouth is true. Read what she says and compare the evidence from Portsmouth people along with the testimony published in this paper from outside places. It is such evidence that has placed Doan's Kidney Pills in the front rank of proprietary articles, stamped as a remedy which does exactly as represented. Mrs. Mary A. Macbino, of 1 Richmond street, says: "I noticed in a local paper an offer made by Doan's Kidney Pills to cure such cases as mine and I sent to Philbrick pharmacy for a box. They did me a world of good and that almost immediately after I began taking them. They finally stopped the pain and drove away the lameness. I think them very superior medicine and I can recommend them to any one."

It is such evidence that settles the public and convinces the portion of it who read or who listen while others read. It is such testimony that places the old Quaker remedy in the van of kidney remedies and it is such cures daily made and reported that keep it there.

PORTSMOUTH SCHOONER BOUND FOR CUBA.

The little schooner Jennie Greenbank, which is a familiar object on the Piscataqua, and which is owned by men in this city and Kittery and has been freighting between Exeter and Boston, was cleared by Fitz Brothers & Co., of Boston, on the 3d instant, for Sagua de Tanamo, on the north coast of Cuba, with a general cargo of merchandise. The vessel is in charge of Capt. George M. Frisbee of Kittery Point. Sagua de Tanamo is one of the ports surrendered to General Shafter by General Toral at the capitulation of Santiago and is a prominent shipping port to the Holguin district in the province of Santiago.

POLICE COURT.

A Rainy Month.

October was a rainy month so far as Wednesdays and Saturdays were concerned. Jupiter Pluvius seemed to pick out these two days for his rainy ministrations. Perhaps he has some grudge against foot ball players and selected the two days of the week on which their games are likely to occur, in order to "get back" at them. It rained on four Wednesdays, and five Saturdays, and the rain was not of the modest, drizzling sort, but was steady, vigorous down pour. It is hoped that old Jupiter has got revenge enough, and will now give us some pleasant Wednesdays and Saturdays until the foot ball season is over.

The Hampton and Amesbury Railway.

The contract for building the Hampton and Amesbury street railway has been awarded to Soule, Dillingham and Co., Boston, who will immediately begin its construction. Hon. E. P. Shaw, treasurer of Massachusetts, who controls the Newburyport system of electric, will build from that city to connection with the Hampton and Amesbury at the State line, and if the weather conditions are at all favorable the new railway will be in operation, Mr. Lovell declares, on December 15. Cars will run from Exeter to Newburyport without change every 45 minutes.

Six gubernatorial Candidates.

There are six candidates for governor in New Hampshire this year, as follows: Frank W. Kilburn, Republican; Charles F. Stone, Democratic; Augustus G. Stevens, Prohibition; Gardner J. Greenleaf, People's Party; Sumner F. Claflin, Socialist Democratic; Benjamin T. Whitehouse, Socialist Labor. It would seem that the Socialist vote is too small to be divided between two candidates.

BLOOD POISONING

Mr. Payson Tucker in a Serious Condition at Brookline

The many friends of Mr. Payson Tucker, the late general manager of the Maine Central railroad will hear with deep regret the news of his serious illness. Mr. Tucker is living in Brookline, Mass., and it is reported that a few days ago he attempted to put a corn on his foot. Blood poisoning set in, there was much swelling of the limbs and signs of gangrene followed. The best surgeons were summoned and it was feared that the foot would have to be amputated, but yesterday it was reported that it was hoped that the foot would be saved as the swelling had gone down considerably and the general conditions of the blood were much better.

Remarkable Cribbage Playing

According to the Kennebec Journal, cribbage is a very popular game in at least one Maine household. It says that during the past 13 years a Belfast couple have played over 25,000 games of cribbage, and in the score of winnings have never been over 70 games apart. During the series they have held 28 hands and one 29 hand. On one occasion both held 34 hands in a game on the same deal, all their cards being fours, fives and sixes. This is an instance of devotion to card playing that is indeed remarkable.

Death of George Fowler

George Fowler died at his home on Daniel street this morning at the age of 64 years. Deceased was a victim of paralysis and while walking across the floor some weeks ago fell in such a manner as to break one of his legs. The man's condition was such that the physicians could not set the injured leg and he grew gradually worse until death ensued.

Deceased came here from Exeter and the body will be taken there to interment.

Funeral of Hiram Amazeen

Funeral services over the remains of Hiram Amazeen were held at 10:30 Friday morning from his home on Steacie street, Rev. Myron Tyler, pastor of the Court street Christian church, officiating.

A delegation from New Hampshire lodge of Odd Fellows was present.

Interment took place in the family lot in Orchard Grove cemetery, Kittery, under the direction of Undertaker Nickerson.

New Life Saving Station

The life saving station at Hampton Beach is being rapidly pushed to completion, and it promises to be when finished a great addition to the attractions of the Hampton sea shore. Every provision possible has been made for the comfort of the crew, the large apartment designed for the mess room being especially pleasant, while the well equipped kitchen and pantry would satisfy the most exacting wife.

Noted Inventor Dead

J. C. Chapman a noted inventor of Boston, died in that city yesterday. He was a native of Newmarket in this state where two brothers, William F. and Stephen Chapman, beside numerous nephews and nieces, survive him. He left a large estate in trust, the trustees being his grand-nephew, Elmer R. Chapman of Boston, and his niece, Nancy J. Chapman of Newmarket.

THE MERRIMACK OPEN THE DANCING SEASON.

The first entertainment and dance of the Merrimack Social club, held in Peirce hall on Friday evening, proved a most successful affair and one of the most enjoyable events held in this city for some time.

The members of the club are all well-known young men around town and when it comes to entertaining they are hustlers.

One of the leading events of the evening was the presence of Boatswain Montague, one of Lieutenant Hobson's brave crew on the memorable day when he snook the Merrimack in Santiago harbor.

Although unable to make any remarks during the evening he was given an enthusiastic reception and as he gracefully led the grand march he was cheered time and time again.

The hall was crowded to the doors when Mr. C. J. Keefe, president of the club, stepped forward and welcomed the audience and announced the first number on the programme for the following most excellent concert:

Selection, Joy & Philbrick's Orchestra.
Requiem, Patrick Sullivan.
Baritone Solo, George Snow.
Rango Duet, Messrs. Farrell and Snow.
Selection, Merrimack Quartette.
Piano Solo, Alexander Billbrack.

Every number on the programme was finely rendered and earned time and again.

The selections by the quartette were received with enthusiastic applause and they were forced to respond several times.

Promptly at nine o'clock line was formed for the grand march, which was led by Boatswain Montague and Miss Annie Keefe, followed by Mr. C. K. Keefe and Miss Mamie Eugen.

There were over one hundred couples in the grand march and the sight from the galleries was one long to be remembered.

The dance orders were of a very neat design, being in the form of a folder and containing twenty finely arranged dances.

It was long after midnight before the party broke up and the many dancers wended their way homeward to dream of the pleasant time and hoping that this is only the first of many such enjoyable occasions to be given by the club.

The following gentlemen were in charge of the affair:

Floor Marshal, C. J. Keefe.
Assistant Floor Marshals, W. H. Jones, J. Leary, T. P. Kilroe.

Prospects Bright for Big Season

The prospects are exceedingly bright for a successful season at Hampton beach next summer. By that time the memory of the terrible cyclone on the Fourth of July last which tended to injure the resort the past season will be out lived. The new electric road to Newburyport and Amesbury, too, will cause a large inflow of visitors who now are obliged to be content with Salisbury. Already several cottages are in the process of erection and the hotel keepers are feeling naturally jubilant over the prosperous outlook.

Internal Revenue Collections

The internal revenue collections for the month ending Oct. 31 for this district, which comprises the states of Maine, New Hampshire and Vermont, \$34,293.85. Of this amount nearly \$35,000 was derived from the sale of adhesive stamps.

The collections for the corresponding month of last year were \$32,239.88, showing a gain of \$2,053.96.

Steamer Mystic in Collision

The steamer Mystic in coming across the river on Friday evening collided with the lighthouse boat Geranium lying at Gas house wharf, but fortunately no serious damage was done. A thick vapor prevailed at the time, making it impossible to see any distance on the river.
